Next-Generation Infrared Sauna

The SAGA HALO™ Full Spectrum Infrared Sauna combines premium wellness technology with contemporary design, featuring a patent-pending smart glass skylight, full spectrum infrared heating, and low EMF performance. Designed and supported in Australia, SAGA HALO™ delivers an immersive sauna experience for relaxation, recovery, and everyday wellbeing.

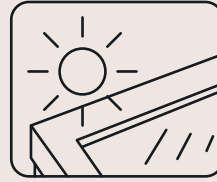

Available in 2-person and 5-person configurations, the SAGA HALO™ range is designed to deliver lasting comfort, innovative wellness technology, and timeless design for modern homes.

KEY FEATURES

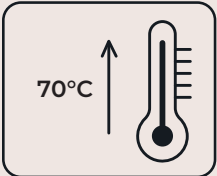

FULL-SPECTRUM HEAT

Near, mid, and far infrared combine for deeper, more complete heat delivery.

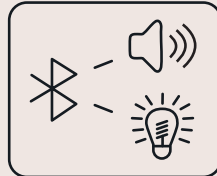

ARCHITECTURAL SKYLIGHT

Natural light enhances openness and transforms the sauna experience.

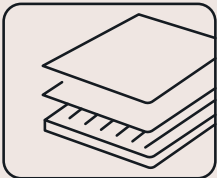

FAST HEAT-UP PERFORMANCE

Reaches up to 70°C in under 24 minutes from 10°C ambient.

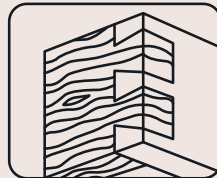

SMART CONNECTIVITY

Wi-Fi, mobile app control, Bluetooth audio, and intuitive touchscreen interface.

ACP ENGINEERED STRUCTURE

Aluminium Composite Panel construction improves heat retention, stability, and durability.

EASY INSTALLATION

Designed for easy setup and low maintenance.

SMART App

Wi-Fi App Connectivity

Take complete control of your wellness routine from anywhere. The SAGA HALO™ mobile app allows you to adjust temperature, set session times, manage timers, customise chromotherapy lighting, and control audio settings directly from your smartphone. Seamless connectivity ensures every sauna session is ready when you are.

Wellness Benefits

- Supports relaxation and stress reduction
- Assists with post-exercise recovery
- Promotes healthy sweating and skin cleansing
- Helps relieve muscle tension and joint stiffness
- Supports circulation and cardiovascular wellbeing
- Encourages relaxation before sleep
- Creates an immersive and calming wellness space

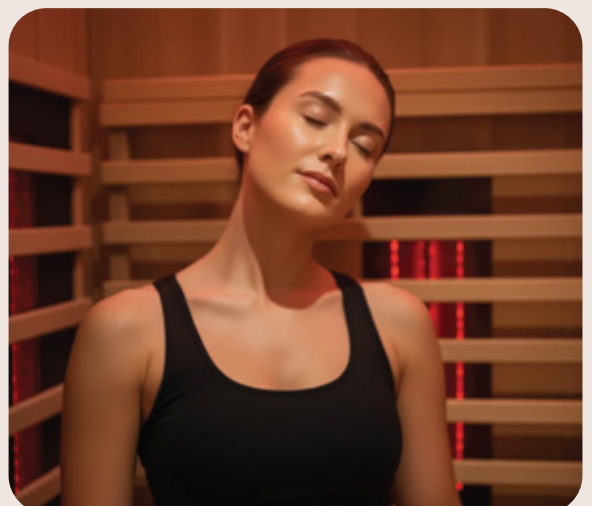

Integrated air treatment system

An integrated Ion/Ozone Generator enhances the sauna environment by supporting air purification and odour reduction. Low EMF performance and premium construction provide peace of mind for daily use.

Low EMF Levels

Advanced shielding dramatically minimises electromagnetic fields, giving you a cleaner, safer infrared experience for peace of mind.
